Problem

The FUI rate is not printed to three decimal places on the Company Definitions Report. These changes should be in addition to those on Bulletin # 45Ø3-6.

Solution

The problem is corrected by following the steps listed below.

1. Backup the diskette(s) and make the changes on the Backup copy of the program.
2. In BASIC load the program by typing LOAD"CHNGCO".
3. Make the following corrections:

```

4. Type SAVE"CHNGCO" to save the changes in the program.
5. At TRSDOS Ready, make a backup copy of the corrected diskette.
