Problem

The BACKUP utility contains a bug which will cause it to report a TRSDOS ERROR 39 for any file that uses all 16 extents. The following patches will circumvent the bug and allow BACKUP to operate properly.

Solution

At TRSDOS READY, apply the follwing patches.

```
PATCH BACKUP A=28C9 F=21022CCDC632 C=000000000000
